

CartPark® Architectural Peaked

Customer experience begins in your parking lot.

A cart corral designed for premium curb appeal and engineered for exceptional durability, the CartPark Architectural dramatically increases voluntary cart return. That means your carts are sheltered from the elements, your parking lot is clean and inviting, and your customers' cars are safe from dents—protecting your bottom line.

Engineered Strength Designed to withstand heavy snow & tested with winds up to 130 mph

Surface Mounted Eliminates the need to drill holes in your parking lot

Premium Design Complements the visual appeal of your store

*Shown with optional lattice
